SOMMELIER SELECT

Sommelier Select embodies the artistry and heritage of Genuwine Cellar's craftsmanship. Our premier collection is crafted from the finest materials, each piece of wood hand-selected, sanded, and finished to perfection. A testament to traditional skill blended with contemporary precision.

MASTERPIECE SELECTIONS

At Genuwine Cellars, each length of premium hardwood is hand selected. To qualify for use in our cellars, each piece must exhibit the finest grain. With such high criteria, less than 1% of the world's hardwood trees are selected for our wine cellars

THE ART OF PRESERVATION

Preserving and protecting your investment is crucial to ensuring that your wines mature to unveil their rich profile and maintain their value over time. With three decades of research and innovation, Genuwine Cellars offers the most sophisticated and engineered cooling solutions. Our specialists create cooling systems that are both discreet and accessible. Intelligently concealed within the build, these meticulously designed systems ensure near museum-like preservation while effectively reducing operational noise. This dedicated know-how represents the pinnacle of aesthetic and technical expertise.

BEYOND TRANSPARENCY

Our glass wine enclosures are crafted from premium-grade tempered glass, each panel polished to achieve the luminous clarity and pristine luster of a finely cut diamond. Genuwine Cellar's commitment to exceptional clarity allows every detail of your collection to be viewed in pristine condition. Our glass enclosures provide a protective yet invisible barrier. From the smooth, effortless swing of our pivot hinges to the secure and versatile locking mechanisms, every hardware detail is chosen for its quality and aesthetic compatibility. Options for decorative etching, murals, and illuminated architectural glass add layers of customization, making your wine cellar one-of-a-kind.

ELEVATING EXCELLENCE

Decades of mastery have gone into perfecting our ladders, ensuring they glide effortlessly with a single touch. Each ladder undergoes rigorous longevity testing to guarantee a lifetime of use. Easily movable from wall to wall and incorporating 90-degree curved corners for optimal accessibility, each ladder is equipped with a braking system that activates upon stepping onto the first tread, ensuring stability and ease of use.
